

Discovery Academy Before and After Care Program

Family Handbook

Welcome to the CREC Discovery Academy Before and After Care program.

This handbook is designed to give parents and guardians insight into our Before and After Care program. It includes detailed information about our program, policies and procedures. Please read this handbook carefully and keep it for easy reference during the school year.

The Before and After Care program's goal is to provide a safe learning environment for students that inspires social confidence, promotes creativity and encourages the development of the whole child. We accomplish this through project based learning, diverse enrichment experiences, and relationship building opportunities. The program will offer a variety of activities including a time for snack and homework completion, indoor/outdoor play, games, art and science projects and various enrichment activities provided by external vendors.

The staff always welcomes suggestions and ideas that will help us make your child's time at the Before and After Care program more beneficial and rewarding. We do not have access to school files. We welcome you to share your thoughts and ideas with us at any time. I can be reached at kwhitlock@crec.org.

Best regards,

Kelley Whitlock
Before and After Care Program Coordinator
